Covid-19 Easing of restrictions November 17, 2020

With further easing of the Covid 19 restrictions by the Queensland Government, our Club will be able to accommodate more people for our Friday night dinners. Up until now we have been operating under the rule that premises with an area less than 200 sq. meters could use the one person per two square meter rule with a maximum of 50 people.

The government has removed the 50 people limit, which allows us to have 70 people under our roof.

I suggest that for normal members dinners we set the limit at 60 depending on the chefs and 70 for Fish and Chip nights. To control our numbers especially for fish and chips, prebooking is essential and names must be placed on the board by lunch time Thursday.

As far as social distancing is concerned the current table configuration should be retained but two extra chairs be added to allow eight people at a table rather than six.

The Queensland Government has done an excellent job retaining this virus. However, our greatest enemy is complacency.

Thank You
