Tingira Market Day Round-Up

What a tremendous response for our Clubs Market Day last Sunday.

Over 20 stall-holders created a wonderful carnival atmosphere in and around our club grounds.

Kicking off the set up at 6:30am Sunday morning, our Commodore, **Moss Lane** was up "bright and sparky" directing the marketeers to their selected stall sites and collecting stall fees.

Around the same time our club kitchen and bbq was firing up, all under the watchful eye of our Treasurer and head chef **Moya Fox**, ably assisted by **Leanne Bruce** in the galley and **Don Noble** and **Tony Simcox** on the bbq. **Peter Fox** and **Jimmy Smith** rounded off our volunteer work-force working as barmen and general roustabouts.

What would a market day Sunday morning be without a great coffee to start the day, our thanks to **Amanda** from "**Vanachino Mobile Coffee**" for providing the best "heart-starter" of the day, and being voted by all as the most frequented stall.

Our club kitchen kept the punters well sustained, pumping out bacon and egg brekkie burgers through-out the morning, then as the market began to finish up, **Chef Moya** changed hats and with assistance from **Ian Waller-Wilkinson**, the cooking of Fish & chips for our "Sunday on the Deck" went into full swing. The brilliant weather provided the perfect back-drop for a lazy Sunday lunch with stunning views, tasty food all washed down with a few cold beverages and great banter.

The day finished at 4 pm with over 80 Brekkie burgers sold in the morning and 55 serves of Fish & Chips served for lunch.

It was a mammoth effort by the small number of volunteers involved, well done!

Trevor Flying the Tingira Flag at the Bribie Classic

Our sailing coordinator Trevor Rogers took his homemade motor boat named '**Woozle**' to the recent 24th Bribie Classic Boat Regatta. The regatta takes place on the shores of Bribie Island and is held over two days each year in the month of May. Classic and wooden boats, from 50ft to 8ft in size, meet for cruising on the Pumicestone Passage at Bribie Island and are displayed to the public at Sylvan Beach

Trevor Rogers built *Woozle* here on Macleay Island using foam sandwich composite materials. *Woozle* is 6 meters in length and uses a 4 hp outboard engine and cruises at 11 knots.

Geoff and Cheryl's Travel Notes

Up in the Gods

The day started out in total fog, rain and cloud and looked like being a write-off. I was quite disappointed, as the Caucasus Mountains, separating Georgia from Russia, were to be a highlight of the trip for me. At 2,200 metres, this majestic range is quite awe-inspiring. Luckily, as we progressed into the day, the skies cleared and we ended up with the perfect tour through the Urals.

Temperature remained warm, so no need even for a jacket.

Yesterday we visited this incredible canyon and paddled along the stream in Zodiacs. The water was perfectly clear and moss covered the rocks on either side.

Today we are back up into the mountains in western Georgia for a few days, staying in a town called Mestia.

Martvili Canyon, near Kutaisi
