## Tingira Boat Club's Motor Cruiser and Power Boat Group

Meeting tomorrow Tuesday 10th October at 10:00am

Now the school holidays are finished and everyone is getting back into the relaxed Island lifestyle, let's get ourselves organised for some summer fun and day trips around the Bay.

With the new floating pontoons now operational at the southern end of the island, there is now a wonderful opportunity to involve any and all Club members in some planned social outings on the water.

If you are new to the club, and interested in joining the group, please feel free to come along.

Join us for morning tea and some round-table planning.

Looking forward to catching up with everyone.

## BOATING CHECKLIST

KNOW, KNOW,  
KNOW YOUR BOAT.  
KNOW THE RISKS, KNOW YOUR EQUIPMENT  
KNOW YOUR RESPONSIBILITIES

### Before you leave

- Plan your trip and choose suitable anchorage locations – download a boating map from [www.msq.qld.gov.au/boatingmaps](http://www.msq.qld.gov.au/boatingmaps).
- Have an emergency plan in case of bad weather or a marine incident.
- Work out tidal predictions – download a tide guide from [www.msq.qld.gov.au/Tides/Tide-tables](http://www.msq.qld.gov.au/Tides/Tide-tables).
- Get the latest weather observations, predictions and bar crossing information.
- Estimate your travel times and calculate how much water and fuel you will need plus reserve.
- Check your boat – check for petrol or LPG odours, fix any faults, inspect the bilge, check the engine and make sure batteries are fully charged.
- Load and check you have all the right safety equipment, that it is in good condition and in date ([www.msq.qld.gov.au/Safety/Safety-equipment-recreational-ships](http://www.msq.qld.gov.au/Safety/Safety-equipment-recreational-ships)).
- Check your tool kit, repair/replacement spares and first aid supplies.
- Check your trailer – ensure the boat is properly secured to the trailer and the trailer to your car. Secure all loose items in the boat.
- Tell someone where you are going and when you expect to return.

## Maritime Safety Queensland

### Launching and getting underway

- Use the rigging lane at the boat ramp car park to check the bungs are screwed in firmly and check all loose items in the boat are still secure.
- Instruct all passengers on safety requirements, how to use safety equipment and where it is kept.
- Wait your turn to launch – be prepared, quick and courteous to all boat ramp users.
- Log on with the local volunteer marine rescue group (visit [www.msq.qld.gov.au/Safety/Marine-radios](http://www.msq.qld.gov.au/Safety/Marine-radios) for their details).
- Life jackets must be worn by all children under 12 years of age in an open boat that is under 4.8 m in length and underway. Check you have enough of the right life jackets for everyone on board ([www.msq.qld.gov.au/Safety/Life-jackets](http://www.msq.qld.gov.au/Safety/Life-jackets) for their details).
- Put on life jackets before crossing designated coastal bars.
- Listen to broadcasts of up-to date weather forecasts.
- Choose the correct anchor for where you are going.
- Take care of the environment – don't pollute and make sure you keep rubbish on board until you return to shore (where you can dispose of it responsibly).
- Radio the volunteer marine rescue group with any change of location or observed dangers.
- Display the correct navigation lights (running and anchored) between sunset and sunrise and when visibility is restricted ([www.msq.qld.gov.au/Safety/Navigation-lights](http://www.msq.qld.gov.au/Safety/Navigation-lights)).

### When you return

- Isolate all battery power sources.
- Unscrew bungs to release water.

### Home or marina maintenance

- Clean and flush the boat's motor.
- Inspect the boat for wear and tear and organise any repairs.
